

St. Pius X

By: Molly Vogel, Jette Chrest, Mikayla Grassi, Bridget Kearns & Amelia Hafer

Since our SPX School doors opened in 1957, we have grown so much not only as a school but as a parish community. With many ups, downs, and accomplishments, St. Pius continues to show everyone why we are still here and a National Blue Ribbon School of Excellence!

Currently, our school has nearly 400 students in grades Pre-K 3 through eighth. Students are taught in a strong academic and religious environment that prepares them for high school, college, and beyond. Students are encouraged to spread the word of the Lord and to love God and their neighbors. Everyone strives to develop a faith community where children continually express care and concern for others in and around their school community.

Saint Pius X School is very fortunate to have spectacular teachers who work with students to achieve what God is calling them to be. SPX has many amazing programs too including STREAM Day, Writing Club, High School Test Prep, and new this year, Coding Club. All these are run by teachers. There is also Reading Olympics, a program where every month you pick a book, read it, and make questions that will later be used in the Reading Olympics Competition. In our Middle School Writing Club, we meet every Thursday and work on articles that will be published in that month's newsletter. Lastly, Coding Club teaches students computer development and strong skills to use in the future.

Along with these in-school activities, we also have amazing sports teams and summer camps. These summer camps include, Volleyball Camp, DIY Camp, Cheer Camp, Dance Camp, Christmas in July Camp, and so many others. These camps are very enjoyable and are great for both the younger and older students.

We also have a Student Ministry here at SPX. This group helps with raising money for the needy and helps with school Masses. They also have a baked-goods cart that raises money for The Padre Pio Center allowing children in that community to have a scavenger hunt, Easter Party, and other things that they would not have a chance to do otherwise.

All in all, St. Pius is a magnificent place to get an education while making lifelong friends!
